

TREAT-DM 2025

Innovative research to real world care

Translational Research, Adiposopathy, Technology for Diabetes & Metabolic Diseases

24th - 26th October 2025, J N Tata Auditorium, IISc Campus, Bengaluru

CURE TRUST of Diacon Presents

TREAT-DM 2025

Innovative research to real world care

OCTOBER
2025

24

25

26

J N Tata Auditorium, IISc Campus,
Bengaluru, INDIA

ORGANISING COMMITTEE

Dr. Aravind S R
Chairman Org. Committee

Dr. Rohit N. Kulkarni
Scientific Chairman

Dr. Krishna G. Seshadri
Scientific Co-Chairman

Dr. Sanjay Reddy
Organising Secretary

Dr. Nikhil Gandasi
Co-Org Secretary &
Co-Ordinator from IISc

Dr. Bhavana Sosale
Jt. Organising Secretary

ADVISORS

Dr. Mohan V

Dr. Prasanna Kumar K M

Dr. Uma Nambiar
CEO, Bagchi-Parthasarathy
Hospital at IISc

Dr. Navakanta Bhat
Dean, Division of
Interdisciplinary Sciences and
Prof. Centre for Nano Science
and Engineering IISc

Dr. Deepak Saini
Prof. Dept. of Developmental
Biology & Genetics IISc

TREAT-DM 2025 Innovative research to real world care

Translational Research, Adiposopathy, Technology for Diabetes & Metabolic Diseases

24th - 26th October 2025, J N Tata Auditorium, IISc Campus, Bengaluru

ABOUT THE CONFERENCE

India is making rapid strides in Basic Science and Technology research aimed at clinical applications. Bridging the gap between translational research—including basic science, technology, and clinical practice—is an urgent priority for today's clinicians.

Cure Trust, in collaboration with **IISc Bangalore** and **PRIMER**, proudly presents **Treat-DM 2025**.

From decoding fundamental pathophysiology to exploring cutting-edge treatment modalities, this journey demands years of scientific effort. For the first time, leading scientists across India from diverse disciplines will engage directly with clinicians. The conference will spotlight India's finest talent in Clinical Medicine and Basic Science.

Groundbreaking Indian research will be showcased in areas such as Genetics, Nano sensors, CGMs, Artificial Pancreas, Obesity, Cancer, MASLD, AI-driven early detection of CKD and CVD, Metabolic Signatures, Glucose and Lipid Flux, and much more.

Treat-DM 2025 will deliver the latest insights essential for clinical practice advancement, presented by distinguished experts in Endocrinology and Diabetes. The sessions are forward-looking, crystal clear, and deeply practice-oriented.

This conference is tailored for Endocrinologists, Physicians, General Practitioners, Postgraduate Students, and Interns. On the basic science front, it welcomes Faculty, PhD scholars, and students from IISc and other research institutions and organisations.

Topics covering Nutrition, Lifestyle, Mental Health, and Obesity will also engage Nutritionists and Diabetes Educators. Every facet of diabetes care—from OHA, Insulin, GLP-1 therapies to personalised education and resistance training—will be thoroughly discussed.

Making Life Sweet Without Sugar – A unique convergence of clinicians and scientists striving for a healthier future.

Treat-DM fosters synergy between science and practice, enabling a deeper understanding and improved care pathways through the fusion of clinical insight and research innovation.

Registration details will be available soon on our website. Stay tuned!

TREAT-DM 2025

Innovative research to real world care

Translational Research, Adiposopathy, Technology for Diabetes & Metabolic Diseases

24th - 26th October 2025, J N Tata Auditorium, IISc Campus, Bengaluru

INVITATION TO THE INDUSTRY

Treat-DM 2025 conference in more ways than one is the first of its kind where Scientists and Clinicians share the same platform.

We are requesting for a generous sponsorship from your esteemed organisation through this communication.

We have planned **Orations, Keynote address, Honour Lectures, Plenaries, Debates, Workshops, Theme based Symposia** and **Hands on training sessions**.

We will be planning dedicated time and topics of interest for every participating Pharma, Technology and other Companies with mutual discussions.

We have also planned Paper presentation by young researchers in both Basic Science and Clinical application.

Galaxy of eminent speakers will be attending this 3-day conference, and the final program will be out soon. Most national and many international speakers will be participating, and their names with session details will be announced soon.

Golden Sponsorship ₹30,00,000/-	Silver Sponsorship ₹20,00,000/-	Bronze Sponsorship ₹10,00,000/-
<ul style="list-style-type: none">• Big stall• 30 minutes session• Complimentary Registration to KOL's• Branding on Badges, Faculty Lounge and more	<ul style="list-style-type: none">• Big stall• Session / Workshop• Branding on selected places• Branding on Agenda booklet and more	<ul style="list-style-type: none">• Stall• Session and more

There are also many other ways of participating which can be discussed. (Branding on Delegate kit, Lanyards, Scientific Booklets, Signages etc.)

TREAT DM is in association with **PRIMER** and **IISc** and is being conducted by **CURE TRUST**, which is a charitable Trust. All details are attached. Hoping to receive your positive response.
